

CAREER GOALS

Aiming to Reduce the complexity and simplify the currently existing digital electronics systems.

MAIN INTERESTS

- ★ Web Development
- ★ Digital electronics
- ★ Robotics
- ★ Game Development
- ★ AI

PROJECTS

- Decibel
- EOC Website
- Vehicle Assistance Intelligence Network
- 8085 Android Simulator
- Pendula - Android game

HOBBIES

- ★ Travelling
- ★ Game Development
- ★ illustration painting
- ★ Board games
- ★ Voxel Art

ACADEMIC HISTORY

School Of Engineering - CUSAT

- B.Tech | Electrical And Electronics Engineering
- CGPA of 8.325 till 6th Sem Result

12th | Christ Central School

- Computer Science - 91.4%

10th | Cluny School

- CGPA : 9.0

SKILLS

- Web Development
- C++ and Python
- RPA
- Circuit Design
- Unity Game Engine

INTERNSHIPS AND TRAINING

- ★ Internship in Machine Learning and RPA
- ★ Industrial visit in Lower Periyar Hydroelectric Power Plant and Load Dispatch Center Kalamassery
- ★ Participated in Electric Vehicle Charger design contest conducted by IEEE IA/IE/PELS Jt. Chapter
- ★ Mentorship in IEEE ORE
- ★ Attended Workshops include:
 - Robotics
 - Web development
 - Electric Vehicle
 - C Programming
 - MS Excel
